

INDUSTRIAL FIRE PROTECTION SOLUTIONS FOR ONSHORE AND OFFSHORE APPLICATIONS

LEECYN COMPANY, LLC supplies a wide range of industrial fire protection products for both onshore and offshore applications. Our selection of fire protection products includes deluge valves and deluge nozzles, deluge strainers, AFFF foam proportioning systems, altitude valves, skids, enclosures, and more.

As authorized distributors for some of the industry's leading manufacturers, we're able to provide the highest quality, best performing on- and offshore fire protection products on the market.

At LEECYN COMPANY, LLC, we do more than just sell high quality fire protection system products and components. We also design and engineer a complete, customized fire protection system that matches your exact requirements. From deluge skids and deluge panels to foam systems and more, our custom fire protection solutions consistently exceed customer expectations.

- Altitude Valves
